Debbie et al,

MO DNR has posted the work schedule details on its website. This is what I was looking for in order to post it and share it with others who want to know more.

<http://www.dnr.mo.gov/bridgeton/index.html>

Debbie, thanks for putting this email together. Please consider my inquiry resolved.

Thanks,

Ed

Cc: "[esmith@moenviron.org](mailto:esmith@moenviron.org)" <[esmith@moenviron.org](mailto:esmith@moenviron.org)>

Jeff or Cecilia:

Ed Smith contacted me by phone asking about a specific weekly schedule that supports the GCPT effort which will begin on Monday. Based on the GCPT Work Plan (that is on EPA's website), there is a table which describes the schedule for activities, but I believe Ed would like a more-detailed schedule of the actual work being conducted, including starting & ending times, duration, who will be on site, etc. And his preference would be that the information be placed in a "document" either sent to him or on the website, so that it is confirmed by EPA.

Please respond directly to him via e-mail or contact him at (314) 705-4975.

Thanks much ☺

Have a great weekend everybody ☺

Debbie
